

Year LKS2 Orienteering

Knowledge
Organiser: PE

You will learn: Compass points, how to sequence and how to find points on a map.

Key Vocabulary			
Compass	Control card	Orienting the map	Control marker

Key facts	Key skills
Children will learn different directions of North, South, East and West. They will learn to run in a sequence and will look at maps to try to find correct cones. The children will be working independently and in pairs to follow sequences and maintain a good level of fitness.	Children will know their left from their right. They will be able to work on their own or in pairs when necessary. They will be able to read a compass and learn how by doing this, points on a map will be found. When doing this the children will be following a sequence.
