

In Year 1, you learnt:

- a range of digital tools can be used to create digital paintings
- tools can be used to produce different outcomes

Key Vocabulary

device	digital	compose	editing
camera	landscape	light sources	filter
photograph	portrait	flash	format
capture	framing	focus	framing
image	subject	background	Lighting
focus	filter		

Key Facts

- *photographs can be changed using digital devices*
- *many different types of devices can take photographs*
- *having enough light is important for taking a good photograph*
- *not all images that we see are real*

The two images (photograph and drawing) are

different because \_\_\_\_\_.

I know this (device) \_\_\_\_\_ has a

camera.

When you take a photo you need to \_\_\_\_\_.

I think a portrait photograph would be best because \_\_\_\_\_.

This photo has not been taken well because \_\_\_\_\_.

I think this change to the photo is better because \_\_\_\_\_.

This image is fake because \_\_\_\_\_.
